Key Vote YES on the ObamaCare Repeal Reconciliation Act, Amendment 271 to H.R. 1628

On behalf of FreedomWorks' activist community, I urge you to contact your senators and ask them to vote YES on the ObamaCare Repeal Reconciliation Act, This language will be offered as an amendment to H.R. 1628.

This amendment is virtually identical to the 2015 ObamaCare repeal bill – the Restoring Americans' Healthcare Freedom Reconciliation Act, H.R. 3762. This bill passed the Senate by a vote of 52 to 47, with only two unsurprising Republican defections.

For more than seven years, Republicans successfully campaigned on ObamaCare repeal. They made floor speeches in support of repeal, and they voted to pass a repeal bill less than two years ago. Grassroots conservative activists are not going to accept excuses if Republicans fail to pass a bill that they have passed once before.

The ObamaCare Repeal Reconciliation Act would repeal much of ObamaCare – including the tax and cost sharing subsidies, Medicaid expansion, and the taxes that came with the law – with a two-year delay to pass a replacement. This delay provides more than ample time to reach an agreement on a replacement bill or package.

President Donald Trump has indicated that he will sign a 2015-style ObamaCare bill into law. Senate Republicans should do as they did in December 2015 and pass a bill that delivers on their frequent promises to repeal ObamaCare.

FreedomWorks will triple-weight the votes for the ObamaCare Repeal Reconciliation Act. Additionally, FreedomWorks reserves the right to retroactively key vote any amendments during the so-called "vote-a-rama." The scorecard is used to determine eligibility for the FreedomFighter Award, which recognizes Members of the House and Senate who consistently vote to support economic freedom and individual liberty.

Sincerely,
